

CORDELIA RECORDS

MAIL ORDER CATALOGUE

1989

Dear People,

I would like to take this opportunity to announce the winner of the 1988 Cordelia Records customer of the year award. This year the award goes to Mr. Eddie Fishead of Essex who gave us half of his house in exchange for six copies of every record mentioned in the catalogue. Eddie, on receiving his handsome trophy, a big glass ornament in the shape of a rat, stated that he didn't regret giving us half his house for a moment, not even when we kept some horses in it and one of them ate all the records in his collection beginning with 'P'.

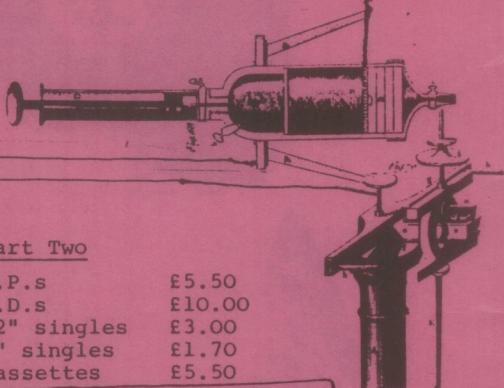

I think you'll agree that this demonstrates once more how important it is for everyone to own as many records as possible even when it causes major personal hardship.

NB: This catalogue comes in two halves with two separate price lists but only one list of postage costs. These have been simplified due to popular demand; in particular I'd like to apologise to Fiona of Cambridge who went mad and killed 18 of her relatives while trying to figure out the previous ones.

Yours Sincerely,

Blodwyn P. Teabag.

Blodwyn P. Teabag.
(Managing director).

LE3 6DQ, UK.

SPECIAL OFFER: If you order more than ten L.P.s from part one of the catalogue you can have them for £3.50 each (UK) or £4 each (elsewhere) including postage. In addition you can have a free Cordelia label L.P. with any order worth more than £35. Gosh.

Cheques should be made out to "Cordelia Records"; cheques should ideally be in sterling but actually you can send anything you like as long as you send a bit extra because the bank wants commission on currency exchanges (especially on cheques drawn on non-UK banks). So its OK to send foreign currency except if you live somewhere where the main unit of money is a chicken; eg: Poland. Eurocheques and giro cheques are fine too.

All orders are despatched very very quickly unless we've run out of something and try and get some more of it before replying. Also we use a very high standard of packaging often including huge lead-lined concrete chests covered with booby traps and patrolled by man-eating wild dogs.

(ALL TITLES ARE L.P.s UNLESS IT SAYS OTHERWISE)

Finally: the winner of our "How many bears does it take to

shake a tree?" competition is Siobhan Madden of Cheshire

who ticked the 'embarrassing publicity' box and therefore we

can reveal that she collects stuffed giraffes and worked as

Harrison Ford's stand in in 'Indiana Jones and the Temple of

Doom'. She wins an 'Inspiral Carpets' 12". The answer of

course was "none".

Here is another competition:- answer this simple question: "Who won the battle of Waterloo?" (Beware of

boring, out-dated, traditional answers such as "The English" etc.). The prize is anything off this piece of paper except

for the really expensive boxed set by Nurse with Wound (or

Siobhan Madden). The closing date is when the next mail-out

happens.
