CATALOGUS

DEAR FRIENDS

This catalogue contains all material released by Korm Plastics, Industria Tapa and Opus Dei Society from oct 1984 untill early 1987 (also known as phase 1). It also contains some tapes we have for distribution. We are however not a 'real' distributor, we only sell products in licence, so we are not interested in buying a lot of tapes we might never sell. If we want to sell your tapes, we will let you know.

Apart from this catalogue there is a new Korm Plastics catalogue with the new releases (also known as Phase 2). If you don't have that catalogue, send an IRC. Send always an IRC when you have something to ask, otherwise do not expect an reply from us.

All tapes are limited, if there is a red mark in the marge, make first an inquire about it's availability.

We Salute You !

Frans de Waard
