

H E L L O ! ! ! !

Neuzeitliche Tonkonstruktionen is a new label wanting to release K7's of Bands/Artists of every style and from the whole world. Every tape is Non-Profit but if there is any money left it will be spent in further projects like concerts. Every 3 to 5 months a tape compilation under the 'Konstruktionen der Natur' will be released, introducing old and new material of known and unknown bands. If you are interested in releasing a tape of you on NT please send me your stuff! Thank a lot for your support of the tape-underground
